

Theme 2: Environment & Heritage

Priority	Stickers placed	Any comments? How can we do this?
Derelict Buildings and Empty Shops	49	
Upgrade parks	83	West End Park is dismal, needs upgrade Both parks are poor Kids would love a new skatepark as other villages got one!! Public Park is a mess with broken glass everywhere – something like Timmons Park
Maintain greenspaces and core paths	22	Stop cutting back plants, bushes and trees to ground level, allow growth for insects and birds; Bio-diversity More wild flower plantings
Clean up litter, pavements and overgrown areas	12	Area of overgrowth adjacent to Gray's Road and Hugh Avenue (old Territorial grounds) dangerous and used for litter dumping etc
Campaign to clean up dog fouling	42	More buckets would be a help to put bagged poo in it!!
Preserve Lochgelly's heritage	61	Celebrate our people and history in a positive way Something to show our returning families that have only heard stories As a child growing up in the 50's and 60's Lochgelly was a place to be proud of – this is no longer the case

General comment – all the groups have good ideas – all deserve to be promoted – is there any way all the groups could come together and work with each other on certain projects.
